Events

Training

Training activities for all certification specialties will be available as time permits. Training venues include BC3. Subject to change.

Lectures

Navigation: Learn how to read and use a topo map, compass and GPS independently and collectively. Learn how to navigate to a specific point, pinpoint your location on a map and use this information to manage searches.

Search Profiling for At Risk Populations: Learn the statistics behind lost person behaviors of Alzheimer, dementia, autistic, despondent or suicidal and psychiatric patients to help manage searches for the best possible outcome. Learn what medical issues may arise from these behaviors to be prepared to treat these patients.

Certifications

IPWDA Master trainers will be available to certified teams in the following specialties:

- HRD Water (Shore Line and Deep Water)
 - You must have passed Shore Line before qualifying for Deep Water
- Air Scent
- HRD Basic
- HRD Crime Scene
- Trailing

All Trainers and Events subject to change.
